This stunning horse property, boasting impressive mountain views with a similar elevation as Sedona and nestled within a sprawling 1.2-acre lot, The inviting front porch ushers you into an interior characterized by a tastefully neutral color scheme and stylish wood-look flooring, creating a cozy ambiance. The expansive living room is perfect for relaxation, while the eat-in kitchen is equipped with durable wood cabinets, built-in appliances, and plentiful counter space for cooking enthusiasts. The primary bedroom, complemented by custom closets and an exclusive bathroom, offers a personal retreat. There is also a versatile bonus room, suitable for an office or hobby space. The property features separate guest quarters, ensuring privacy and comfort for visitors. The backyard is a blend of functionality and charm, complete with a covered patio, a practical storage shed, and a sprinkling of trees. The yard offers an abundance of space, ripe for your personal touch. This unique...
