Tempting buy in Willow Street...
Where everything you need is less than 5 minutes away!

This cozy 4-bedroom home is larger than it looks with almost 1,700 sqft of living space. The shed dormer on the back makes the 2nd floor rooms feel larger than in a typical cape cod home. The kitchen has been updated with a new back splash and a new floor.

The spacious 2nd floor master bedroom takes up the whole depth of the house and has plenty of room to make a reading or sewing nook at one end. The ample-sized 1st floor bedroom and bath is ideal for someone who has a hard time with stairs. This is not your usual cape, as it feels like a 2-story from the inside.

This development is a great place to take an evening walk and stroll through the neighborhood. Being situated on a cul-de-sac...
