The imposing exterior of this stately Georgian hints at the architectural delights within! You move from the entry to a light, bright living room with deep crown moldings and fireplace surround made of hand wrought tiles from the Arts and Crafts era.

The spacious dining room with its arched wooden doors is perfect for large social occasions.

Gleaming hardwood floors and French paned windows grace both the first and second story of this four plus bedroom, three bath home.

The master bedroom suite showcases a treasure trove of 1920's tile in lovely condition and large closets. There are two additional bedrooms, a hall bath plus an inviting sunroom that makes a delightful office, den or fifth bedroom.
