An artistically designed property seated on a large, well-landscaped lot, this two-story, four-bedroom property features a beautiful and spacious backyard with lush landscaping, travertine flooring, granite counter tops and updated baths. Natural light pours in from every direction, as the home's numerous large windows allow for the sun's rays to illuminate its open interior. The home's enormous backyard is enriched by a paver trail, a firepit, and a heated spa which adjoins the pool. If you own several vehicles, this property is more than accommodating with its three-car garage, and a good-sized RV gate. A remarkable mountain view treats the eye from this property's front yard.
